1. Your interest is added back into your account, and it earns interest too!

Down

- 1. When you put your money away instead of spending it.
- 2. A safe place to keep your money and it earns interest!
- 3. When you put money into your savings account.
- 4. Money your credit union or bank pays you to let them look after your money.
- 5. A way to save and earn more interest, but it takes time.
- 6. A safe place to save your money.
- 7. Money that you earn from your job (or allowance).
- 8. The secret to building your savings.

"Grow" a Flower

Draw a flower and finish this picture!

Watch the Savings Grow!

Daisy got \$500 for her birthday! She deposits it into her savings account. Her savings account earns 1% interest.

To see her savings grow:

- Color her original deposit (1) blue.
- Color her interest earned on the original deposit (2) green

Daisy doesn't deposit any more money, but wh	at
happens to her savings?	

How much is in her savings account after 18 years?

When does she have \$650?

What do you think will happen if Daisy deposits more money into her account?
