

I'm a Credit Union Saver

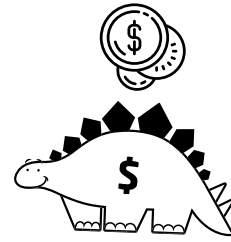

Youth Coloring & Activity Book

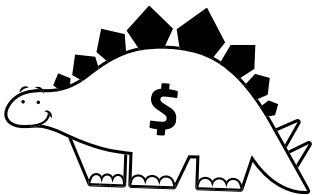

Money Concepts

Income – Money you earn from a job (or allowance)

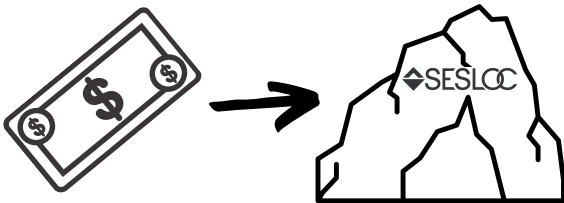

Save – Put your money away instead of spending it

Savings Account – A safe place to keep your money, and it earns interest!

Credit Union – A safe place to save money

Deposit – When you put money in your savings account

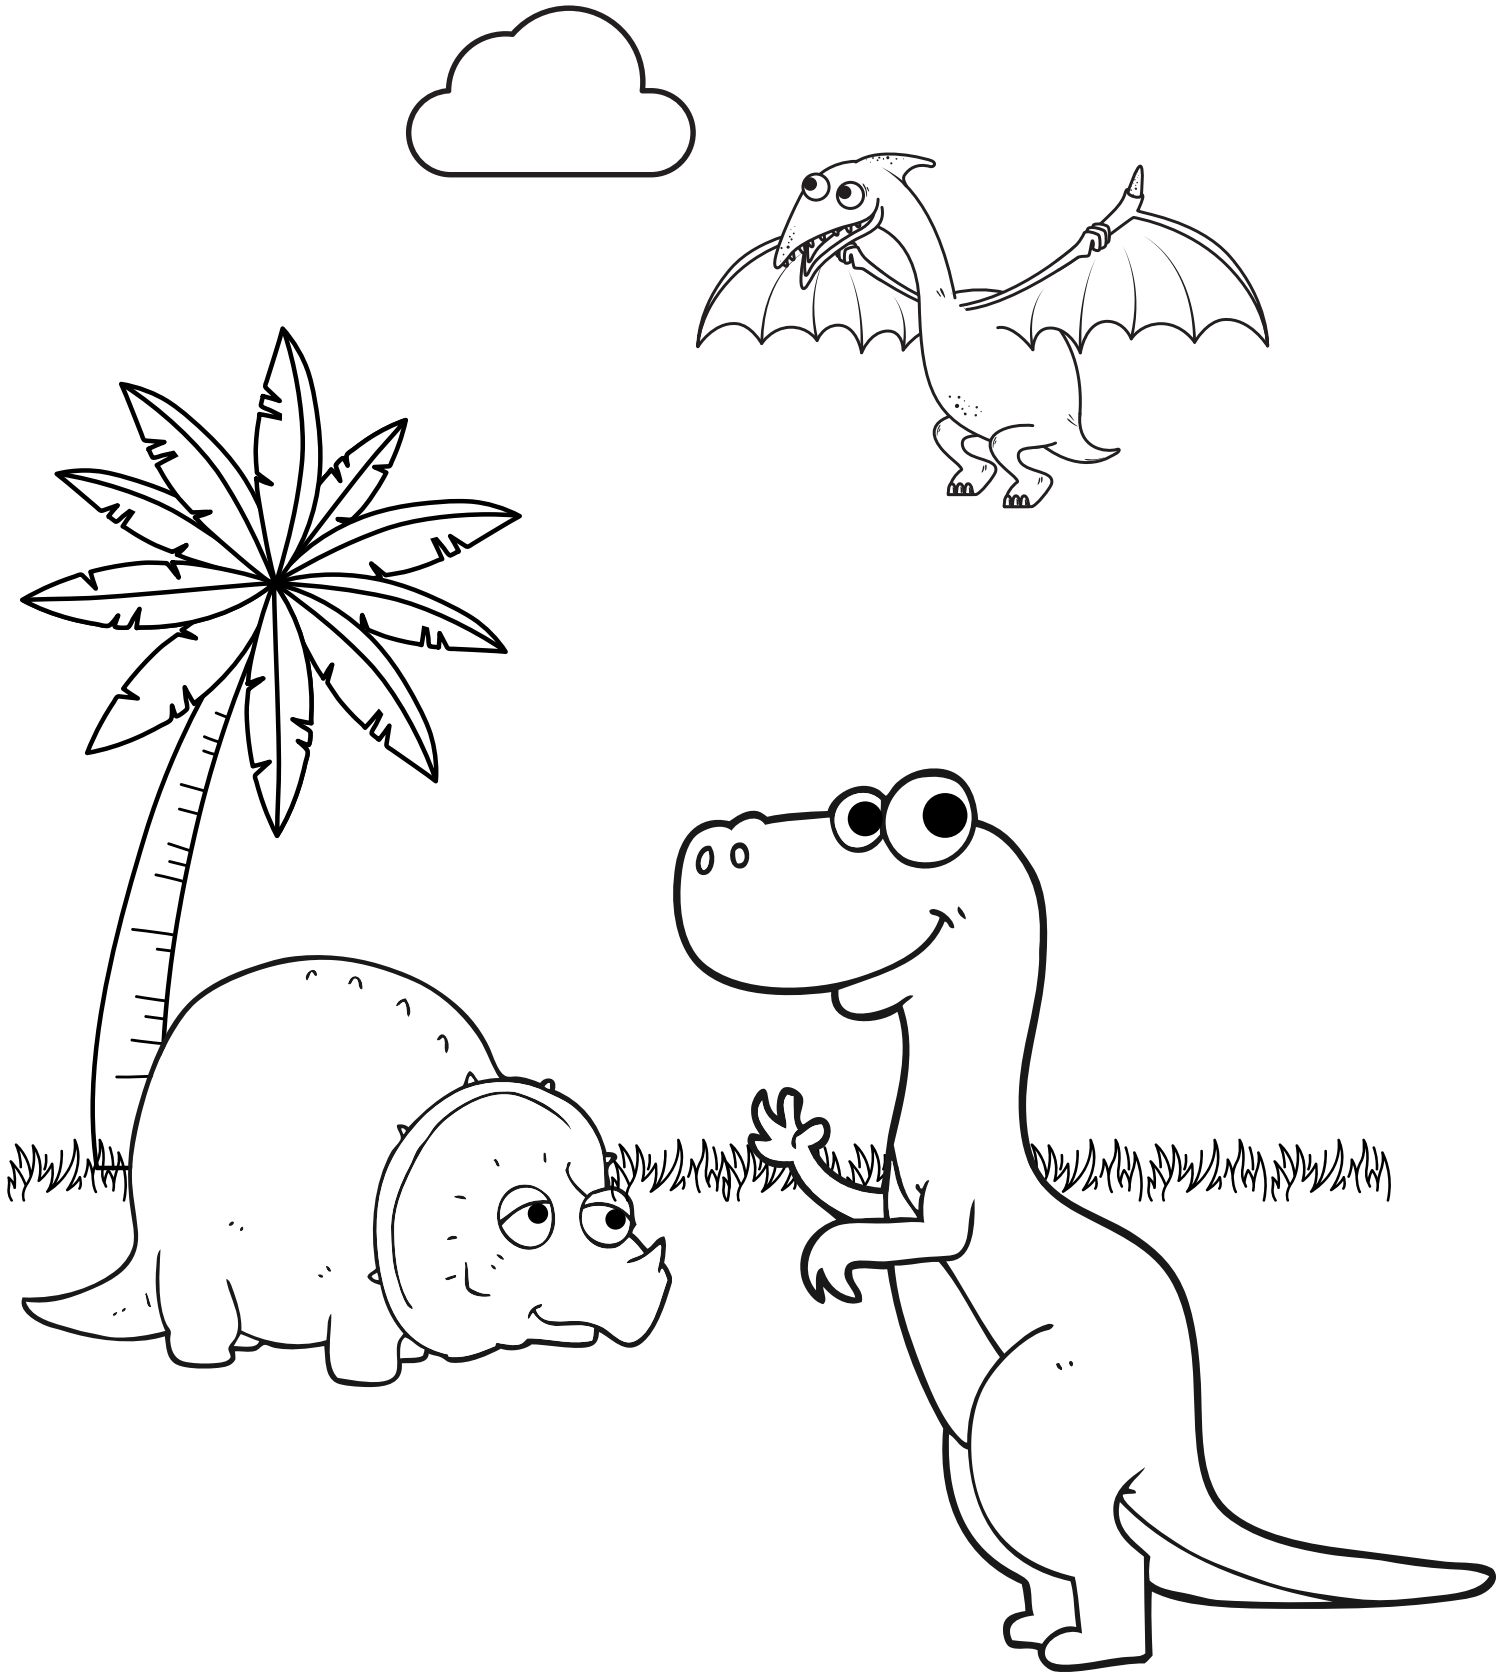

Time – The secret to building your savings

Interest – Money your bank or credit union pays you to look after your money

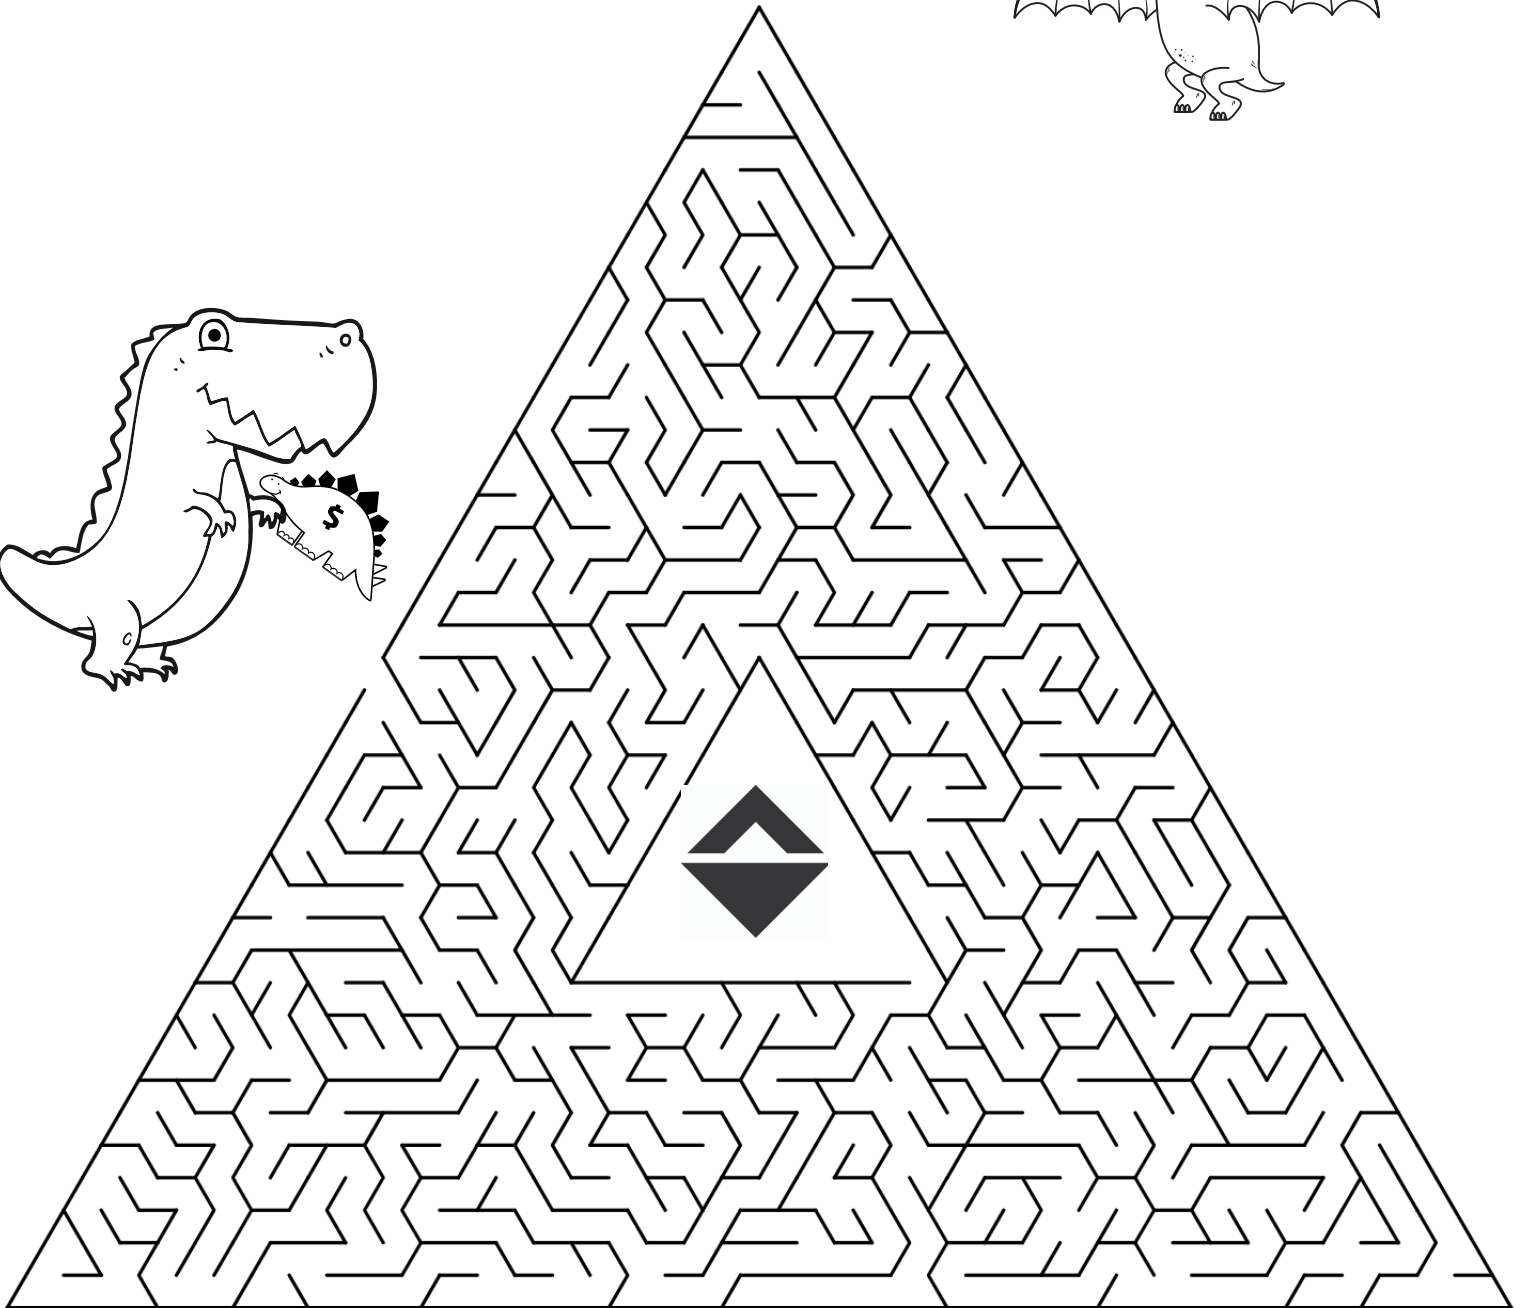

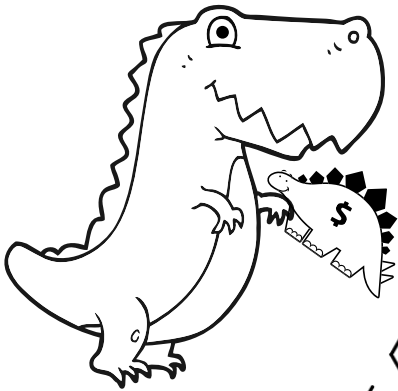

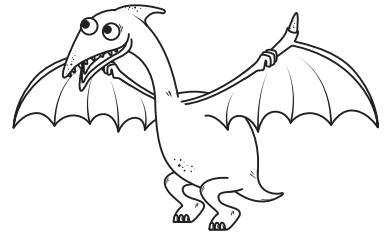

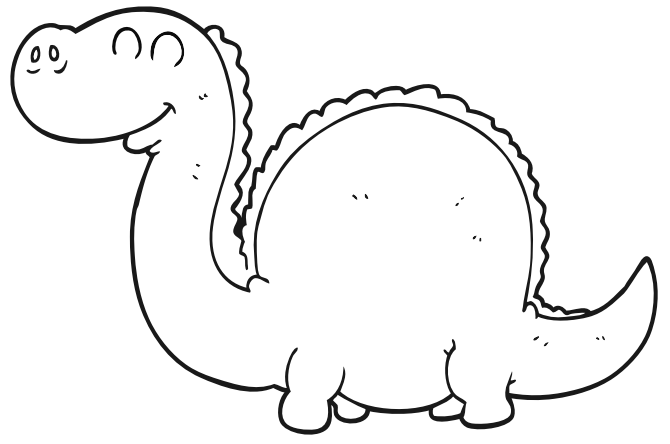

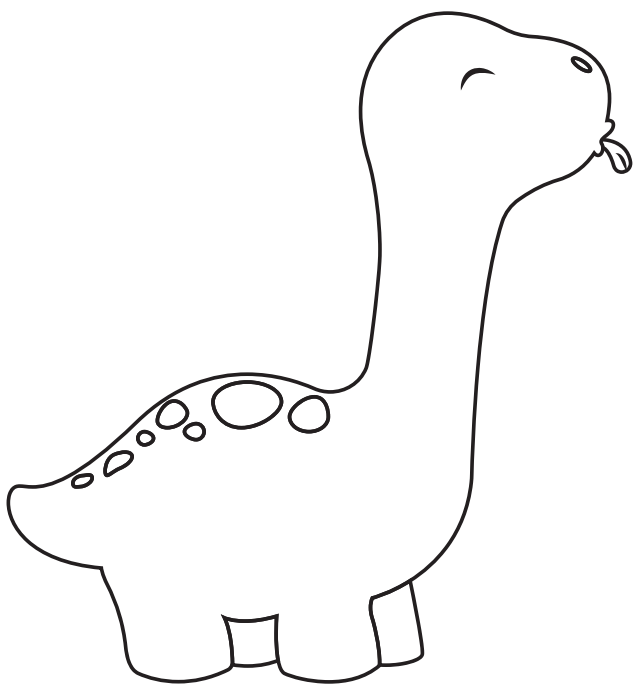

Compound Interest – Your interest is added into your savings account, and it earns interest too!

Let's Make a Deposit

Help Rex get to the Credit Union so he can make a deposit to his savings account

Let's Save!

Dinah gets \$10 allowance every week.
She always saves \$5 to deposit into her
savings account at the Credit Union.

How much did Dinah save after 4 weeks?

There are 52 weeks in a year. How much
money did Dinah save after a year?
